

VVDI MB TOOL

- Read/Write/Renew W204 ESL
- Read/Write/Renew EIS
- Read/Write/Renew/get BE key password via IR
- Read/Write/Renew get NEC key password
- Support all key lost, include keyless go (W204, W207, W209, W211, W212, W166, W246)
- Online calculate bga key password
- Renew ECU/Gearbox/ISM

VVDI MB TOOL

Read Write Key

Mainly include: Identification key; Read write BE key via IR; Read v51, v57 version password via NEC key adaptor; Read/activate blank BGA key (0CF4); Repair key; Renew/write used NEC keys; write NEC keyless key etc

EIS Tools

Mainly Include: Read EIS via OBD and IR, OBD module support auto detect; Read W164, W209, W211 without gateway; Read old Motorola EIS password via IR directly; Renew EIS, Replace EIS, Enable key; Disable key; Personalize W204 ESL, Test EIS, ELV, working key status etc

Password calculation

Mainly include: OBD read and calculate all CAN EIS(FBS3) key password; Support BGA keys, other NEC keys, v51, v57 keys; Lost all key support: W209, W211, W166, W212, W246, W212(old), W204, W207 etc

Prepare Key File

Mainly include: Prepare key file for v11, v41, v51 version online; Support Motorola EEPROM dump file; 100% can find key file!

ESL Tools

Mainly include: OBD (K) read data; Renew ESL; Replace ESL (no need renew EIS); Check ESL damage status; Repair W204 ESL (0xAA Error)

Renew ECU/Gearbox/ISM

Mainly include: Support renew, write VIN, personalization operation for module ECU, Gearbox, ISM etc

Read/Write CGW (ZGW), KM Repair

Support repair KM: W204, W207, W212, W251, W164, W211, W221, W216, W166, W172, W232, W205 etc;
Support read/write gateway EEPROM and FLASH: W211/W164, W204/W207/W212, W221, W216 etc

Technical Support

Xhorse technical support team is professional and efficient, online technical support for free.
provide lifelong after-sale perfect service guarantee customer trouble free operation of machine.
Consider about customer feedback suggestion and requirement carefully.
